Franchise: Red Barn Dog Ops, LLC is the largest operating franchisee of the Dogtopia brand, with 23 open locations and four under development. We currently own three existing Dogtopia locations in New Jersey. In addition to the highest quality of care provided by the local daycare team and the backing of the Dogtopia brand, our local headquarters provides best-in-class tools, training, and resources through dedicated field support staff.

Business Model: Our model is primarily focused (90%) on dog daycare services, much different from a traditional boarding facility/kennel that those unfamiliar with our model sometimes reference. Pet Parents bring their dogs on average two days per week, providing a stable and familiar environment. As such, our enrollment model is similar to that of a child daycare facility, allowing parents to pre-register for a set number of days per week. Our daycares are open 7am-7pm, 7 days per week.

Support & Expertise: Dogtopia has 190 locations nationwide, all operating by the same high-quality standards that the brand requires. Our support office includes an environmental biologist, canine behaviorist, and veterinarian. These subject matter experts provide additional support to ensure that we have the necessary requirements to operate a safe, healthy, and fun environment for all dogs in our care. Before utilizing our services, all dogs must go through a thorough evaluation process including a temperament evaluation, behavioral/social history, and vaccinations records from their veterinarian. We comply with all guidelines and statutes of the state and local municipality.

Construction & Design: Controlling for noise and odor are a necessary requirement for being good neighbors in our community. Extensive acoustical and mechanical measures are in place to ensure that our facilities are smelling fresh and not a disturbance to co-tenants or residents. Dogtopia is an entirely indoor and climate-controlled facility, which is great because no matter the weather, it's always 70 degrees and sunny inside. Finally, our cleaning and waste management program eliminates odor and has no impact on the sewer system.

If you have any questions after reviewing the materials/information provided, please do not hesitate to contact us. Thank you again for your consideration, and we look forward to working with you!

Best,

Applicant's Reason for Relief

TO: Zoning Board of Adjustment of West Orange

FROM: Alexander Dougherty *MCRP, PP, AICP*

DATE: February 19, 2023

SUBJECT: Red Bran Dog Ops - D1 Use Variance for Dogtopia

The applicant is seeking relief for a d(1) use variance in support of a state of the art community and pet friendly Dogtopia within a vacant portion of a multitenant commercial strip mall of approximately 4,969sf located at 235 Prospect Ave. The application sustains the statutory positive and negative criteria for use relief as established by N.J.S.A. 40:55D-70.d.(1) and *Medici v. BPR Co.*, 107 N.J. 1 (1987). The statutory positive criteria are met for the following special reasons:

The subject site is particularly suited for the use based upon its conditions and context. Regardless of whether the use is expressly allowed by ordinance, pet shop, kennels and shelters are defined per §10-2.3 yet not listed as permitted uses within any district of West Orange per *Part A "Permitted Uses Table of District Regulations"* (*Subsection 25-7.1*). The condition of the building is physically segmented to support the use. Contextually the subject site is rather unique with respects to location, zoning designation and surrounding uses. The site is located within the PC zone or Planned Commercial District, an appropriate commercial and community service-based strip mall. Dogtopia is an amenity for pet parents located in an ideal setting while meeting the intent within the PC zone.

In addition to site suitability the project promotes efficient land use and variety of land uses in appropriate locations. Adaptive reuse of existing space is favored by planners for its efficiency. The provision for a diversified mix of commercial and amenity choices is also a core goal of land use planning. The project advances the fundamental purposes of zoning in the land use law at N.J.S.A. 40:55D-2, especially purposes "a", "g" and "m".

The statutory negative criteria are satisfied because relief can be granted without substantial detriment to the public. The multi-tenanted site has adequate parking and space to accommodate a pet facility with minor and minimal interior alterations. Dogtopia has strict and high standards ensure all appropriate measures are taken to mitigate, if not eliminate completely any possible noise and odori nuisances while ensuring a safe and secure stay for dogs. Dogtopia is a by appointment-membership only facility that provides an indoor climate-controlled environment with ample care and recreational opportunities with a 27hour webcam monitoring system for pet parents. The hours of operation are 7am-7pm 7days a week with trained local staff and support staff of an environmental biologist, canine behaviorist and veterinarian. Dogtopia signage being proposed, is in compliance with PC sign requirements. The site has and will continue to function in a safe and efficient manner with the current tenants and neighboring properties. The use provides a much-needed service for the local community with a state of the art pet facility designed to care for our extended members of the family.

The statutory negative criteria are also satisfied because relief can be granted without substantial impairment to the zone plan. Relief being sought is supportive of the goals and intent of the PC zone.

Conclusion, this application is seeking to validate the exclusion of a pet friendly establishment within the PC zone, by way of a use variance. Granting relief at this location will have minimal if any negative effects both for the Planned Commercial zone as well as the neighboring uses within this location. For all the reasons set forth in this memo, the statutory criteria for grant of use relief are met, and approval is warranted.
