Memorandum

TO: Geniece Gary-Adams,
Director of Planning Development/Zoning Office

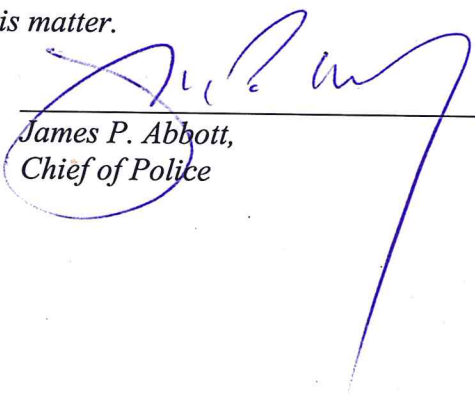

FROM: Chief James P. Abbott

SUBJECT: Applicant James Jackson Yerr Canna

DATE: February 22, 2024

Kindly be advised that on Thursday February 22, 2024 at 11:30 a.m. cannabis security consultant for the applicants, James Sherrard and I met and reviewed the security plans for the above location. Following this review, I have nothing to add to the proposed security measures be it from a physical or staffing perspective as the plan did meet or exceed the minimum mandatory requirements. This should enable the applicants to move forward with their Planning Board (PB) Application. Neither I nor any of my staff have specialized training, education or experience, as it relates to security operations for cannabis businesses. As with all other similarly situated cannabis applicants, I am providing my review and input in an effort to continue the process and allow the applicant to advance to the next step. Ultimately, I am relying on the NJ State CRC to formally approve the security plans for this and all other licensees within the township as it would be irresponsible of me to assume this authority. It is the obligation of the applicant to verify for the PB that the state CRC has approved their security plans. Please share this writing with the PB secretary and PB members as you deem appropriate.

Thank you for your time and attention in this matter.

James P. Abbott,
Chief of Police
