Subject: RE: [EXTERNAL] Re: 0722-04-0001.1 (West Essex Highlands)

The FHA application is being reviewed under the current FHA Rule. However, the stormwater portion of the application is being reviewed under the previous version of the Stormwater Rule, as it was never withdrawn and is still pending under the FWW application. The FWW/stormwater review is being conducted under the version of the Rule which was current at the time that the application was submitted.
