Township of West Orange

Department of Zoning

West Orange, NJ 07052

Reference: **Proposal letter**

Proposed addition and renovations

Existing single-family residence

20 Lorelei Road

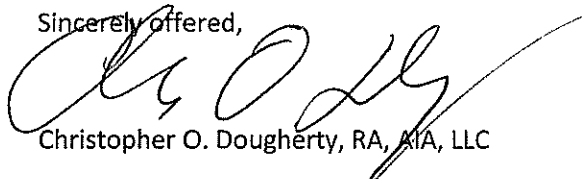

West Orange, NJ 07052

To whom it may concern,

I am preparing this letter as requested from the Zoning Department regarding the proposed intent of the project submitted. The original proposed work was to construct an addition to the rear for a new kitchen/family room/dining room with the development of a master bedroom addition and major modifications to second floor bedrooms. The project was originally approved meeting all zoning requirements for the district. During construction the contractor extended the garage into the left side setback, creating a non-conforming condition. The owner wishes to maintain the design and seek relief from the Board relative to the construction.

I trust this letter responds to the questions asked in the checklist. If there are any other questions, please feel free to contact me.

Sincerely offered,

A handwritten signature in black ink, appearing to read 'C. O. Dougherty', written over the printed name.

Proposed addition and renovations

Existing single-family residence

20 Lorelei Road

West Orange, NJ 07052

To whom it may concern,

I am preparing this letter as requested from the Zoning Department regarding the proposed intent of the project submitted. Please note the following responses to the requirements of the Land Use act:

4C-2): The proposed work, as constructed, would advance the purposes of the municipal land law for the following reasons:

- The configuration of the proposed single family residential renovations and addition would remain consistent of the configuration of the surrounding residential character
- The proposed residential construction would be consistent with surrounding renovation work and upgrade the existing residence.
- The proposed work, as constructed, would, except for the constructed addition into the setback, meet the requirements of the zoning schedule of the district in terms of site and impervious coverage, building height and setbacks from Lorelei Road at the corners.

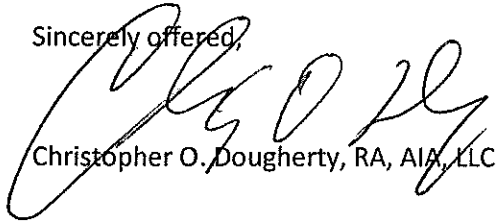

4E): The proposed work, as constructed, will not be substantially detrimental to the public good and will not impair the intent of the zone plan and zoning ordinance for the following reasons:

- The single-family character of the construction shall match the character of the zone.
- The footprint of the building is only marginally larger than the proposed drawings submitted to the township for original permitting.

I trust this letter responds to the questions asked in the checklist. If there are any other questions, please feel free to contact me.
