We have reviewed the information submitted in support of this application and offer the following comments:

A. PROJECT DESCRIPTION

The property in question is a rectangular tract which fronts on the westerly side of Edgewood Avenue approximately 207 ft north of the intersection with Kingswood Road. It is located in the R-5 Zoning District and has an area of 25,381 sf (0.582 acres). The property is currently occupied by a 2½ story stucco dwelling and a detached 2 car garage. We note that the applicant proposes to remove the existing 2 car garage.

The Applicant is seeking Minor Subdivision approval to permit the property to be subdivided into two (2) new lots. New lot 20.05 will have an area of 12,609.5 sf (0.291 acres) and will be vacant while new lot 20.06 will have an area of 12,690.5 sf (0.291 acres) and will contain the existing dwelling and a proposed 1 car garage.

B. VARIANCES AND/OR WAIVERS FROM LOCAL ORDINANCES

1. The Applicant has not requested any variances as part of this Minor Subdivision application.

2. The Applicant has not requested any waivers as part of this Minor Subdivision application.

C. DESIGN COMMENTS AND PLAT DETAILS

1. Based on our review, we find that the following items from the Township's Site Plan/Subdivision Checklist must be addressed:
 - a) Item #20 – *Copy and/or delineation of any existing or proposed deed restrictions or covenants.*
 - b) Item #43 – *New block and lot numbers confirmed with local assessor or municipal designee.*
 - c) Item #52 – *Plans and legal documents for compliance with West Orange COAH Ordinances.*
2. As stipulated in the Municipal Land Use Law, the approval of this minor subdivision will expire 190 days after the date that the resolution of municipal approval is adopted unless within such period a minor subdivision plat or deed has been filed with the county recording officer, the municipal engineer and the municipal tax assessor.
3. The various certifications in the "Approvals" section at the bottom left of the Minor Subdivision Plan are duplicates of the other certifications that have been added to the top left of the plan and should be deleted.
4. The Planning Board approval block on the plan must be revised to include a line for the signature of the Municipal Engineer.
5. It shows on the plan that the existing 2 car garage and a portion of the existing driveway and paver stones are to be removed. The Applicant should address the Board regarding his schedule for removing these items. If the work is not performed before the minor subdivision is perfected, then a bond must be posted with the Township to guarantee their removal.

The Applicant is hereby advised that any revised plans or other documents submitted to the Board should be accompanied by a cover letter which addresses each of the comments in this review letter and also details any other changes that have been made to the plans as these may not be readily apparent.
