Re: Proposal for Professional Services
Two Minor Subdivision Plans, Mellon Avenue, West Orange, Morris County, NJ

Dear Mr. Lepore:

Thank you for this opportunity to provide a Proposal for Professional Services. Based upon your request, we understand you require boundary surveys in support of two future minor subdivisions, involving Township-owned properties in Block 175.08 and in Block 175.13. Therefore, we specifically offer the following:

SCOPE OF SERVICES

I. Boundary Surveys

Greenman-Pedersen, Inc. ("GPI") will prepare a boundary survey of the subject parcels, including Lot 9 in Block 175.08, Lot 12 in Block 175.08, and Lot 3 in Block 175.13 in accordance with N.J.A.C. 13:40-5.1. Corner markers will not be set under this item and are outlined in Item II. below. Prior to commencing with the survey, we require that you supply or make available, all pertinent information and documentation in your possession relative to the subject parcel. Such information includes, but is not limited to, title reports/searches, area surveys, records, deeds, original tract maps, public records, State, County, or Municipal maps. We also require any information on adjoining properties in the client's possession.

If the information supplied is not sufficient to render an accurate survey, GPI will make all reasonable efforts in accordance with the industry standard of care, to obtain additional required information. If, as a result of these efforts, not enough information is found to prepare a boundary survey, or if a title search is not supplied, or if ambiguous or clouded title areas are found, the client will be notified in writing of the various options for proceeding with the project. These options may consist of additional fees necessary by either GPI, a title search consultant, attorneys, or other expert professionals to further research subject and adjoining deeds, investigate the chain of title, trace ownership to original cloth, identify easements, or other services pertaining to the specific problem related to your project. Our firm does not provide title search services; therefore, boundary surveying services offered herein will be subject to such facts as a complete title search might disclose.

FEE: \$ 5,500.00

II. Corner Markers (Optional)

We will set two (2) 5/8" iron rebar with GPI caps at opposite corners along the front of Lot 9 in Block 175.08 and Lot 12 in Block 175.08, (on the southerly sideline of Mellon Avenue) ***unless already marked or referenced by an existing monument, rebar or iron pipe.*** Our fee for this service is \$200.00 per corner with a minimum order of two (2) corners.

FEE: 2 corners @ \$200.00 per corner = \$400.00

Please note that in accordance with N.J.A.C. 13:40-5.1(d), a corner marker waiver/agreement must be signed by the ultimate purchaser/owner of the property (not by his/her attorney or any other agent). We have enclosed this form for your convenience. Please remit this form with the signed copy of this proposal. We cannot release this survey until our firm has received this form.

III. Metes and Bounds Property Descriptions

We will provide a metes-and-bounds description of Lot 9 in Block 175.08, Lot 12 in Block 175.08, and Lot 3 in Block 175.13.

FEE: \$ 750.00

IV. Minor Subdivision Plan

We will prepare a minor subdivision plat of Lot 9 in Block 175.08 and Lot 12 in Block 175.08 in accordance with Land Use Regulations of the Township of West Orange and including the relevant items from the Township of West Orange Site Plan / Subdivision Checklist.

Waivers will be requested for the following checklist items:

9 – Map Filing Law certification blocks: We suggest perfecting the minor subdivisions by deed rather than by filing a minor subdivision plat

10 – Map Filing Law monumentation: We suggest perfecting the minor subdivisions by deed rather than by filing a minor subdivision plat

12 – Plat sheet size: Will conform to the Title Recordation Law. Not all permitted sheet sizes are found in the checklist.

35 – Drainage calculations: To be addressed by a site plan if/when development is proposed

48 – Sight triangles: Each property is at or near the terminus of a street.

52 – COAH compliance: no new lots are being created by these subdivisions.

The plat will reference the Boundary Surveys and will indicate the intention to divide Lot 9 in Block 175.08 into two (2) parcels with the easterly fifty feet (50') to be annexed to Lot 12 in Block 175.08. We do not anticipate that the subdivision will involve the creation of any new lots, or the dedication of a new right-of-way, either of which would require the classification of the application to be a Major Subdivision. Should the subdivision be classified as a Major Subdivision, additional fees will be quoted in an Addendum to this Proposal. Proposed features will not be shown on the subdivision plan. Metes-and-bounds descriptions of the proposed lots will be provided.

September 14, 2021
Leonard R. Lepore, P.E.
Municipal Engineer / Director of Public Works
Township of West Orange

Our fee for this service includes attendance at one (1) West Orange Site Plan Review Board and Planning Board meeting. Drawing(s) will be provided in hard copy and will be available in AutoCAD® Civil3D® 2020 ".dwg" format.

FEE: \$ 4,000.00

This proposal is subject to an inflation adjustment based on the consumer price index every twelve months on January 1 of each year, beginning on January 1, 2022. Hourly billing rates are subject to review and adjustments every twelve months on January 1 of each year. Should you have any questions, or if we may be of any additional service, please do not hesitate to contact our office.

Regards,

Kevin S. Bogerman, P.L.S.
Director of Survey

AGREEMENT

The undersigned accepts this proposal and the terms and conditions stated herein and authorizes Greenman-Pedersen to proceed with the services as outlined. The undersigned accepts full responsibility for payment for services performed as described above. Payment will be made by acceptor of this contract and will not be dependent upon receiving payment from a third party not directly under contract to Greenman-Pedersen, Inc.

☐	I	Boundary Surveys (2)	\$ 5,500.00
☐	II.	Corner Markers (Optional)	\$ 400.00
☐	III.	Metes and Bounds Property Descriptions (3)	\$ 750.00
☐	IV.	Minor Subdivision Plan	\$ 4,000.00

CONTRACT TERMS AND CONDITIONS

1. Time for Acceptance: This agreement is void if not signed and returned to GPI within 90 days of the date of the agreement.
2. Time for Rendering Services: GPI will perform the services described in these documents ("the Services") following a mutually agreeable schedule consistent with sound professional practices. GPI agrees to use reasonable efforts to commence the Services on the date specific in the Agreement or contained in the agreed upon schedule, and shall proceed with reasonable diligence to complete the Services. Should GPI be delayed in the completion of the Services due to causes beyond GPI's control or other excused delays, then GPI shall be awarded additional time to perform such Services and the price stated in the Agreement shall be equitably adjusted for any additional costs incurred by GPI due to such delay.
3. Site Access: Client will provide the necessary access and right of entry for GPI to enter and inspect all locations of the Project Site and to all offsite locations as necessary in order to allow GPI to perform its Services. GPI is not obligated to provide scaffolding or personnel hoists in order to perform the Services.
4. Standard of Practice and Care: Services performed by GPI will be consistent with the level of care and skill ordinarily exercised by members of this profession currently practicing in the same locality and under similar conditions. No other representation, expressed or implied, and no warranty or guarantee is included or intended in this Agreement or any report, opinion, document or otherwise.
5. Information Provided: Before GPI commences the Services, the Client shall provide GPI, in writing all necessary information to permit its proper performance of the Services. GPI shall be under no duty or obligation to verify the completeness or accuracy of the information provided by the Client and shall be entitled to fully rely thereon. GPI shall have no obligation to perform any Services until all necessary information has been provided in writing by the Client. GPI shall not be responsible for any locations, dimensions, depths, elevations, or a similar metric which are provided by the Client in error.
6. Interpretation of Codes and Ordinances: GPI endeavors to produce documents in accordance with applicable codes and ordinances. It is understood and agreed, however, that code compliance issues are open to subjective interpretation by code enforcement agencies. GPI will not have the responsibility or liability for adverse code rulings where such rulings are due to subjective or unpredictable interpretation or application by code enforcement agencies or officials. GPI will advise the client of such rulings should they occur during the project design or construction phases. Additional engineering design associated with such rulings will be considered additional services, and are subject to additional fees. See "Additional Services" No. 11 in this document.
7. Existing Systems: The project design may require that GPI determine existing conditions. GPI will review documents provided by the Client and make visual observations at the site to determine these conditions. Through subsequent detailed site investigations or construction operations, existing conditions may be found to vary from these findings. Such variances may necessitate Scope of Services and fee revisions. The Client hereby agrees that GPI will be compensated for additional design services and will not be held responsible for additional construction costs or damages arising from such variances.
8. Field Observation Services: Field observation services performed by GPI pursuant to this contract, whether performed prior to, during, or after completion of construction, are performed solely for the purpose of determining general conformity of work with the contract plans and specifications. Nothing contained herein shall create or be deemed to create any duty or authority upon GPI or its Engineers to direct, supervise, or control the work (including safety procedures), of other contractors, subcontractors, consultants or their respective employees or by any other person at the project site (collectively "Client's Contractors"). The Services do not include any form of guarantee or insurance

with respect to the performance of Client's Contractors. GPI does not assume responsibility for the means, methods, sequences, and techniques employed by the Client's Contractors in their work. GPI is only responsible for the health and safety of its own employees.

9. Confined Space/Ground Penetrating Radar: The services outlined herein exclude equipment rental costs or subcontracting fees associated with entry into confined space areas requiring OSHA certification beyond the 40 Hour Hazardous Waste Operations course or Ground Penetrating Radar (GPR) services for utility identification. Should entry into confined space or GPR services become apparent and necessary, an addendum to this proposal will be forwarded to you to accomplish the work with either in-house personnel or by subcontracting.
10. Permits Application Fees: Client shall timely, so as to not delay the Services, secure and pay for all permit application fees required by law, unless otherwise agreed to herein.
11. Additional Services: Services not expressly included in these documents are defined as additional services, and will not be performed until approved and authorized in writing by the Client.
12. Change Orders: If Client wishes to change the scope of performance of the Services, Client must submit written details of the requested change to GPI. GPI shall, within a reasonable amount of time after such request, provide a written estimate to Client of (a) the likely time required to implement the change; (b) any necessary variations to the fees and other charges for the Services arising from the change; and (c) any other impact the change might have on the Agreement. Promptly after receipt of the written estimate, the parties shall negotiate and agree in writing on the terms of such change (a "Change Order"). Neither party shall be bound by any Change Order unless mutually agreed upon in writing.
13. Design Changes: Any design changes made by others during the course of construction without the input or knowledge of GPI are done at the risk of the client, and will not be the responsibility of GPI. During construction, GPI shall have no control or responsibility for the means, methods, techniques, sequence, or procedures of construction, or safety precautions and programs incident to the work or the failure on the part of any party to comply with applicable laws, rules, regulations, ordinances, or codes.
14. Hourly Rate Schedule (Not Applicable to Lump Sum Fees): Services provided on an hourly basis will be invoiced at GPI's prevailing hourly rates. Hourly rate changes occurring during the contract period will be applicable as of the effective date of rate change. Hourly rates are subject to change the first of January and July.
15. Prevailing Wages (If Applicable): The attached fees and hourly rates are based on actual charges, plus overhead costs, and are normal and competitive rates. These rates, however, are subject to change retroactively to the beginning of the contract if it is determined that prevailing wages, as set forth by State or Federal wage administrators, must be paid. This is true on projects funded in whole or in part by Federal or State grants or loans. If it is determined that these specific wage rates must be utilized, we reserve the right to adjust our proposal immediately retroactively to the beginning of the project.
16. Reimbursable Expenses: Reimbursable expenses will be billed to the Client, in addition to the fee, at the rate of 1.1 times actual expenditures. Reimbursable expenses include the cost of travel, reproductions, deliveries, postage, photographs, and handling of drawings, specifications, reports, or other project related material. Printing and reproduction expenses shall be invoiced in accordance with the attached schedule.
17. Payment for Services: Services will be invoiced monthly based on work accomplished. Payment for Services rendered is due upon receipt of GPI's invoice. Invoice payments not received within 30 days from the date of the invoice are past due and subject to a service charge equal to 1.5% per month (18% per annum). If payment is not received within 60 days of invoice, GPI has the unilateral right to

discontinue work on the project and terminate this Agreement with no legal recourse by the Client. The Client will be liable for all costs of collection, including, but not limited to, court costs, filing fees, service fees, reasonable attorneys' fees, and staff time at our prevailing hourly rates should a default in payment occur.

18. Project Suspension or Termination: If the project is suspended for more than 90 days, abandoned in part or terminated, the Client will pay GPI for services performed and reimbursable expenses incurred up to and including the effective date of such suspension, abandonment or termination, and all termination expenses. The contract fee will require renegotiations should the project be restarted.
19. Ownership of Documents: All documents created, prepared, or furnished by GPI pursuant to the Agreement, including plans, drawings, specifications, construction documents, displays, graphic art, photographs, and other images and devices of any medium, including electronic data or files (collectively "Design Materials"), are instruments of GPI, and GPI shall retain an ownership and property interest therein, including copyrights. Upon payment in accordance with the Agreement, GPI grants Client a perpetual, non-exclusive, royalty-free license to use the Design Materials for the sole purpose of use at the Project. Reuse or modification of any such documents by Owner, without GPI's express written consent, shall be at Client's own risk, and Client agrees to defend, indemnify and hold GPI harmless from all claims, damages and expenses, including attorneys' fees, arising out of such reuse or modification by Client or by others acting through Client. Client agrees that it shall not use the Design Materials or the name of GPI or its insignia or seal in any manner without GPI's express written consent.
20. Digital Delivery: If desired, AutoCAD® or MicroStation® disks will be supplied for informational purposes only. Signed and sealed maps provided by GPI will be the documents of record of the services performed. Any discrepancies should be brought to our attention within ten (10) days.
21. Limitation of Liability: NEITHER PARTY WILL BE LIABLE TO EACH OTHER FOR ANY SPECIAL, INDIRECT, PUNITIVE, INCIDENTAL, LIQUIDATED, OR CONSEQUENTIAL DAMAGES ARISING OUT OF THIS AGREEMENT OR THE SERVICES PERFORMED HEREUNDER. IN NO EVENT SHALL GPI'S AGGREGATE LIABILITY TO CLIENT EXCEED THE AMOUNT OF AVAILABLE INSURANCE OR GPI'S FEES TO THE SERVICES PERFORMED HEREUNDER, WHICHEVER IS LESS.
22. Severability: If any of the provisions herein shall be invalid or unenforceable under applicable law, such invalidity or unenforceability shall not invalidate or render these Terms and Conditions unenforceable, which shall be construed as if not containing the particular invalid or unenforceable provision, provided that the intent of the parties can be achieved in all material respects.
23. Governing Law: This Agreement shall be construed and governed in accordance with the laws in the state in which the Project is located.
24. Merger and Counterparts: This Agreement may be executed in counterparts and exchanged by facsimile, email or pdf, each of which shall be deemed an original and all of which, when taken together, constitute one and the same documents. This Agreement contains the complete, full and exclusive understanding of the parties and shall supersede any prior agreement between the parties.
25. Retainer: Please review this proposal, and should you determine it to be acceptable, sign, date, and return one copy to us, along with the retainer mentioned above which will be applied to the final invoice for this proposal.
26. Claims and Disputes: Owner and Consultant shall endeavor to resolve claims, disputes and other matters in question between them in good faith and an efficient business-like manner. The Consultant shall continue providing Services during such time as the dispute exists, provided that Owner continues to pay all amounts that are not in dispute and such dispute does not continue in excess of ninety (90) consecutive days.

27. Insurance: GPI will maintain the following insurance for the duration of the project:
- Commercial General Liability – Bodily Injury/Property Damage - \$2,000,000 each occurrence and \$4,000,000 in the aggregate.
 - Worker's Compensation – as per Statute. Premiums for additional insurance coverage required for work on or over the water will be charged to the project and are subject to reimbursement.
 - Automobile Liability – in the amount of \$1,000,000 each accident covering owned, non-owned, and hired vehicles.
 - Excess/Umbrella – in the amount of \$5,000,000.
 - Professional Liability – in the amount of \$1,000,000 each claim/ \$2,000,000 in the aggregate.
 - GPI will furnish to Client Certificates of Insurance upon request naming Client as an additional insured on the General Liability policy.
28. Contractor's Responsibilities: GPI has no control over, charge of, or responsibility for construction. Client shall retain a qualified contractor, licensed in the jurisdiction of the project ("Contractor"), to implement the construction of the project ("Work"). The Contractor shall coordinate, supervise and direct all aspects of the Work and shall be solely responsible for, and have control over, construction means, methods, techniques, sequences and procedures, safety, and security. To the fullest extent permitted by law, the Contractor shall defend, indemnify and hold harmless Client, GPI, GPI's subconsultants, and their respective directors, officers, employees and agents or any of them from and against all claims, damages, losses and expenses, including attorney's fees, arising out of or in connection with the Contractor's Work. Contractor shall provide insurance and shall name Client, GPI and GPI's subconsultants as additional insured on Contractor's Commercial General Liability Insurance policies.
29. Indemnification:
- GPI, subject to the limitation in Section 12 herein, agrees to hold the Client harmless from and against all claims arising out of the negligent professional acts, errors, and omissions of GPI in connection with the performance of the Services described in this Agreement.
 - GPI shall not be responsible for the acts or omissions of the Client, Contractor or any third parties in connection with or arising out of the project. Client hereby holds harmless and indemnifies GPI against all claims, damages, costs, suits, expenses, and attorney's fees which may be incurred by GPI which arise out of the foregoing. Expenses shall include, but not be limited to time charges by GPI's employees at GPI's then standard hourly fees.
 - Client shall make no claim for professional negligent acts, errors, omissions and/or alleged breach of contract either directly or in a third party claim, against GPI unless the Client has first provided GPI with a written certification executed by an independent design professional practicing in the same discipline as GPI and licensed in the state in which the project for which GPI's services were rendered is located. This certification shall: a) identify the name and license of the certifier; b) specify each and every act or omission that the certifier contends is a violation of the standard of care expected of a design professional performing professional services under similar circumstances; and c) state in complete detail the basis for certifier's opinion that each such act or omission constitutes a violation. This certificate shall be provided to GPI not less than thirty (30) calendar days prior to the presentation of any claim or the institution of any legal proceeding.
30. Force Majeure: If the performance of Services by Consultant is affected by causes beyond its reasonable control, force majeure shall result. Force Majeure includes acts of God, acts of a legislative, administrative, or judicial entity, governmental order, war, fires, floods, labor disputes, pandemic, COVID-19 and unusually severe or unanticipated weather which prevent Consultant from performing the Services hereunder ("**Force Majeure**"). Should a Force Majeure event occur, Consultant shall receive day-for-day Schedule relief based on the number of days the Force Majeure prevents Consultant from performing the Services. Consultant shall not be liable for failure to comply with any Force Majeure event.

CORNER MARKER AGREEMENT

This agreement is made in connection with a survey of property known as:

Mellon Ave, Block 175.08 Lot 9, Township of West Orange, County of Essex, New Jersey

This is to advise that I/we have been made aware of my/our right to have corner markers set as part of a survey to be performed on the aforementioned property which is being purchased by me/us. Additionally, I have been made aware of the potential impact of signing the waiver including (1) the possible need for a future survey as a result of physical improvements to the property, such as fence, addition, deck, pool, or shed; and (2) the potential inability of the ultimate user to identify the actual boundary of the property which could result in a boundary dispute with an adjoining property owner and/or property improvements not accurately situated on my/our property. Therefore:

☐

The right to have corner markers set is hereby waived, and Greenman-Pedersen, Inc. is directed to perform the land survey without the setting of corner markers as provided by the regulation N.J.A.C. 13:40-5.2 of the State Board of Professional Engineers and Land Surveyors.

☐

I/We do require corner markers to be set. I/We agree to the rate of \$200.00 per marker, I/We also understand that this fee is over and above the other survey costs.

Name:

(Signature of Ultimate User)

(Signature of Witness)

(Print or Type Name of Witness)

Witness Address:

Please note that in accordance with N.J.A.C. 13:40-5.1(d), this form can only be signed by the Purchaser/Owner/Ultimate User of the Property and NOT by his/her attorney or any other agent.

SURVEYOR CERTIFICATION:

I hereby certify that I have:

- 1.) Advised the ultimate user of the impact of signing the corner marker waiver, which shall include, but not be limited to, the possible need for a future survey as a result of physical improvements to the property and the potential inability of the ultimate user to identify the actual boundary of the property;
- 2.) Reviewed the waiver to ensure that it was properly signed by the ultimate user and witnessed by a person other than a land surveyor; and
- 3.) Performed a physical measurement of the property.
