LEGISLATIVE HISTORY

This Ordinance creates three on street handicapped parking spaces, known as Restricted Parking Spaces under N.J.S.A 39:4-197.5, to assist two residents with Disabled Persons Identifications issued by the New Jersey Motor Vehicle Commission. One of the spaces will be created on the westerly side of Longview Street, a public street within the Hutton Lafayette Garden Apartment Complex, in the vicinity of number 63, and the other two spaces will be created on Ashland Avenue just north of Park Drive in the vicinity of the apartment building at 31-33 Park Avenue where the other resident resides. These stalls will also serve the Physician's office at 35 Park Avenue. Both these properties are corner lots with frontage along Ashland Avenue. These three stalls will not be Restricted Parking Zones established under Subsection 7.32.2 pursuant to N.J.S.A. 39:4-197.5 which are on street handicapped parking stalls established in front of a residence for the exclusive use of a resident of that home with a Disabled Persons Identification. A complex of multifamily buildings prevents this on Longview Street and the overnight parking prohibition on Park Avenue does not make it practical to place such a stall there. These stalls once created, while assisting residents of 63 Longview Street and 31-33 Park Drive, will be available for anyone with a NJMVC Disabled Persons Identification with a corresponding special vehicle identification card.
