Township of West Orange

Debt & Finance Presentation

Presented by:

John C. Ditinyak, CFO
Phoenix Advisors

The State of the Township's Debt!

- The Township's net debt as of 2024 is over \$171 million!
- Net debt has increased by 56% over the last five years!
- Payment of debt is 12.5% of the budget!
- The Township, recognizing that allowing the debt to increase exponentially places a financial burden on the residents, has developed a long-term debt management plan that will guide this and future councils' capital planning.

Debt Management Plan Goals:

- Continue to pay down outstanding debt thereby reducing the related debt services over time
- Look to take advantage of lower interest rates, when possible, to permanently finance outstanding notes, thereby reducing interest rate risk
- Over time, replace borrowing with “pay-as-you-go” funding using cash rather than credit for capital investment
- Carefully manage capital spending with strategic planning to build “pay-go” capability
- Achieve strategic success by freeing up millions of debt service dollars annually to support operations, capital investment, and when possible, return value to the taxpayers through increased usage of surplus rather than taxation.

What is Municipal Debt?

- The Township has both Operating Expenses and Capital Expenses:
 - Operating Expenses include the salaries and wages of employees, utility expenses, garbage and community programming - just to name a few. Operating Expenses are broadly defined as the ongoing expenses to run the day-to-day Township services.
 - Capital Expenses are individual purchases for land, infrastructure improvements, equipment, vehicles and major renovation/construction projects. Capital Expenses are typical high value purchases. For that reason, the cost is too great to include the full amount of the purchase in one budget year.
- For example, let's say the Township wants to construct a new public works building. The cost of the construction could be \$30M. The Township will go out into the capital markets and issue bonds for \$30M so that we have the funds to pay for the project. The bonds will then be repaid, with interest, via annual appropriations in the budget. The repayment schedule follows the useful life of the asset that was purchased to spread the cost over the generations of residents who benefit from the project. In this example, the repayment would be over 25 years.

What is Municipal Debt? (cont.)

- Municipal debt can best be compared to a resident's mortgage. Most homeowners do not have the funds to pay cash for their home, so they go to a bank and get a long-term loan (i.e. a mortgage). The homeowner pays principal and interest every month until the loan is repaid.
- The interest rate on the loan determines the amount of interest the homeowner will pay over the life of the loan. For example, a 30-year mortgage for \$500,000 at 5% will cost the homeowner \$465,000 in interest. If the rate moves up 1%, then the homeowner will pay \$580,000 in interest over the life of the loan.
- Just as market conditions can raise or reduce interest rates for homeowners, the Township's short and long-term debt is impacted by changes in the municipal bond market. As rates climb, the Township's debt service expense will increase and will generally be passed along to the taxpayer.
- Due to the size and credit rating of municipal entities, municipal bond rates are generally lower than those of a resident. For example, a 30-year mortgage rate is currently 6.25% and a 30-year tax-exempt municipal bond rate is currently 4.25%.

Historical Municipal Bond Rates

Current Debt Profile

- The Township's Statutory Net Debt is approximately \$170 million. This includes:
 - \$54 million of long-term, fixed rate bonds
 - \$11.4 million of bond anticipation notes ("BANs") coming due in March 2026
 - \$62.7 million of BANs coming due in November 2026
 - \$3.3 million of special emergency notes ("SENs") coming due in November 2026
 - \$38 million of authorized but not issued debt (includes JMEU authorizations)
 - \$700k of NJIB loans (JMEU)
- For 2025, debt service and deferred charges (SENs) combined for \$13.5 million, or 12.5% of the total budget.
- There are large drops in aggregate debt service in 2029 and 2038.
- The Township's current bond rating is "AA" (3rd highest) by S&P Global and was last affirmed in October 2025. A bond rating is similar to a resident's credit score, as it impacts their cost to borrow.
- The CFO and Phoenix review the outstanding debt annually to make sure the debt is managed in the most cost-effective way possible given market conditions, future debt authorizations, budgetary concerns and current capital needs.

Outstanding Bonded Debt Service by Series

- (1) Excludes special assessment bonds, authorized but not issued debt, short-term debt (BANs) and deferred charges (SENs).
 (2) Long-term bonds may be refinanced from time-to-time based on market conditions and redemption provisions.

Future Debt & Capital Discussion

- The Township Council and CFO have expressed a desire to begin to transition to an annual pay-go capital plan funded by the budget in lieu of borrowing short and long-term debt.
- The Township expects to receive \$6.3 million in green acres grants (Rock Spring) and \$10.8 million from the sale of land (55 Lakeside). These funds will be used towards the repayment of debt.
- The CFO has identified approximately \$22.8 million of authorized but not issued bond ordinances that will also need to be funded over the next two (2) years, as the projects are ongoing and will require cash to fund them.
 - This excludes approximately \$15 million of JMEU authorizations that may not need to be funded by the Township.
- Based on the Township's outstanding long-term debt, a bond issuance between 2026-2028 would be the best time to permanently finance the debt, assuming favorable market conditions.

Proposed Debt & Capital Plan

- The proposed debt plan targets an annual pay-go capital program of \$5.5 million per year (\$5 million capital and \$500k special emergencies), which is expected to be 100% funded by the budget by 2038 with 2% annual increases to debt service in the interim.
- For 2025, we included \$6.7 million of new debt authorization (ordinance 2915-25) and \$800,000 of special emergencies.
- From 2026 to 2036, new annual capital needs of \$5.5 million would be funded by a mix of debt authorizations, special emergencies and pay-go capital.
- In addition, approximately \$22.8 million of authorized but not issued bond ordinances will be funded over the next two (2) years by debt issuance.
- The proposed future debt issuances include:
 - Roll existing notes to 2028
 - Issue new notes in 2025-2036 to finance "Expected New Debt"
 - Issue \$81.4 million bonds between 2026-2028 to finance all outstanding notes
 - Roll new notes to 2037
 - Issue \$14.6 million bonds in 2037 to finance all outstanding notes
 - Roll SENs with mandatory pay downs and annual new money as shown above
 - Full migration to pay-go capital funding beginning 2038

BE IT ORDAINED AND ENACTED BY THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF WEST ORANGE, IN THE COUNTY OF ESSEX, STATE OF NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring) AS FOLLOWS:

SECTION 1. The improvements or purposes described in Section 3 of this bond ordinance are hereby authorized as general improvements or purposes to be undertaken by the Township of West Orange, in the County of Essex, State of New Jersey (the "Township"). For the said improvements or purposes stated in Section 3 hereof, there is hereby appropriated the sum of \$1,250,000, which sum includes (i) a grant received or expected to be received from the New Jersey Department of Community Affairs Coronavirus State Fiscal Recovery Fund in the amount of \$1,000,000 (the "Grant") and (ii) a down payment in the amount of \$12,000 now available for said improvements or purposes as required by the Local Bond Law of the State of New Jersey, as amended and supplemented (N.J.S.A. 40A:2-1 et seq.) (the "Local Bond Law"), by virtue of an

appropriation from the Capital Improvement Fund of the Township for down payment or capital improvement purposes in a previously adopted budget or budgets of the Township.

SECTION 2. For the financing of said improvements or purposes described in Section 3 hereof and to meet the part of said \$1,250,000 appropriation not provided for by said Grant and down payment referred to in Section 1 hereof, negotiable bonds of the Township are hereby authorized to be issued in a principal amount not exceeding \$238,000 pursuant to, and within the limitations prescribed by, the Local Bond Law. In anticipation of the issuance of said bonds and to temporarily finance said improvements or purposes, negotiable notes of the Township in a principal amount not exceeding \$238,000 are hereby authorized to be issued pursuant to, and within the limitations prescribed by, the Local Bond Law.

SECTION 3. (a) The improvements hereby authorized and the purposes for which said bonds or notes are to be issued are for various improvements to the Oskar Schindler Performing Arts Center, including, but not limited to, the refurbishment of the performing arts center with two (2) outdoor pole-mounted speakers, the expansion of the existing stage with the installation of approximately 2,130 square feet of rubberized coating for the stage floor, the relocation of the existing stage staircase, the installation of window guards and lighting improvements at the existing stage building, the construction of a 10 x 20 storage shed and all work related thereto. In addition, such improvements shall also include all design work, preparation of plans and specifications, permits, bid documents, contract administration, work, materials, equipment, accessories, labor and appurtenances necessary therefor or incidental thereto, all in accordance with the plans and specifications on file in the Office of the Clerk of the Township and available for public inspection.

(b) The estimated maximum amount of bonds or notes to be issued for said improvements or purposes is \$238,000.

(c) The estimated cost of said improvements or purposes is \$1,250,000, the excess amount thereof over the estimated maximum amount of bonds or notes to be issued therefor is the Grant in the amount of \$1,000,000 and the down payment in the amount of \$12,000, which are available for said improvements or purposes.

SECTION 4. Except for the Grant, in the event the United States of America, the State of New Jersey, and/or the County of Essex make a contribution or grant in aid to the Township, for the improvements and purposes authorized hereby and the same shall be received by the Township prior to the issuance of the bonds or notes authorized in Section 2 hereof, then the amount of such bonds or notes to be issued shall be reduced by the amount so received from the United States of America, the State of New Jersey and/or the County of Essex. Except for the Grant, in the event, however, that any amount so contributed or granted by the United States of America, the State of New Jersey and/or the County of Essex, shall be received by the Township after the issuance of the bonds or notes authorized in Section 2 hereof, then such funds shall be applied to the payment of the bonds or notes so issued and shall be used for no other purpose. This Section 4 shall not apply, however, with respect to any contribution or grant in aid received by the Township as a result of using funds from this bond ordinance as “matching local funds” to receive such contribution or grant in aid.

SECTION 5. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the Chief Financial Officer of the Township, provided that no note shall mature later than one (1) year from its date or otherwise authorized by

the Local Bond Law. The notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer shall determine all matters in connection with the notes issued pursuant to this bond ordinance, and the signature of the Chief Financial Officer upon the notes shall be conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time in accordance with the provisions of the Local Bond Law. The Chief Financial Officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchaser thereof upon receipt of payment of the purchase price and accrued interest thereon from their dates to the date of delivery thereof. The Chief Financial Officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this bond ordinance is made. Such report must include the principal amount, the description, the interest rate, and the maturity schedule of the notes so sold, the price obtained and the name of the purchaser.

SECTION 6. The Township hereby certifies that it has adopted a capital budget or a temporary capital budget, as applicable. The capital or temporary capital budget of the Township is hereby amended to conform with the provisions of this bond ordinance to the extent of any inconsistency herewith. To the extent that the purposes authorized herein are inconsistent with the adopted capital or temporary capital budget, a revised capital or temporary capital budget has been filed with the Division of Local Government Services.

SECTION 7. The following additional matters are hereby determined, declared, recited and stated:

(a) The improvements or purposes described in Section 3 of this bond ordinance are not current expenses and are improvements or purposes which the Township may lawfully undertake as general improvements or purposes, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.

(b) The period of usefulness of said improvements or purposes within the limitations of the Local Bond Law, according to the reasonable life thereof computed from the date of the said bonds authorized by this bond ordinance, is fifteen (15) years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly made and filed in the Office of the Clerk of the Township and a complete executed duplicate thereof has been filed in the Office of the Director of the Division of Local Government Services, New Jersey Department of Community Affairs, and such statement shows that the gross debt of the Township as defined in the Local Bond Law is increased by the authorization of the bonds or notes provided for in this bond ordinance by \$238,000 and the said bonds or notes authorized by this bond ordinance will be within all debt limitations prescribed by said Local Bond Law.

(d) An aggregate amount not exceeding \$125,000 for items of expense listed in and permitted under section 20 of the Local Bond Law is included in the estimated cost indicated herein for the purposes or improvements hereinbefore described.

SECTION 8. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and the interest on the bonds or notes authorized by this bond ordinance. The bonds or notes shall be direct, unlimited obligations of the Township, and the Township shall be obligated to levy *ad valorem* taxes upon all the

taxable property within the Township for the payment of the principal of the bonds or notes and the interest thereon without limitation as to rate or amount.

SECTION 9. The Township reasonably expects to reimburse any expenditures toward the costs of the improvements or purposes described in Section 3 hereof and paid prior to the issuance of any bonds or notes authorized by this bond ordinance with the proceeds of such bonds or notes. This Section 9 is intended to be and hereby is a declaration of the Township's official intent to reimburse any expenditures toward the costs of the improvements or purposes described in Section 3 hereof to be incurred and paid prior to the issuance of bonds or notes authorized herein in accordance with Treasury Regulations §1.150-2.

SECTION 10. The Township covenants to maintain the exclusion from gross income under section 103(a) of the Internal Revenue Code of 1986, as amended, of the interest on all tax-exempt bonds and notes issued under this bond ordinance.

SECTION 11. The Chief Financial Officer of the Township is hereby authorized to prepare and to update from time to time as necessary a financial disclosure document to be distributed in connection with the sale of obligations of the Township, which are authorized herein, and to execute such disclosure document on behalf of the Township. The Chief Financial Officer is further authorized to enter into the appropriate undertaking to provide secondary market disclosure on behalf of the Township pursuant to Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") for the benefit of holders and beneficial owners of obligations of the Township, which are authorized herein, and to amend such undertaking from time to time in connection with any change in law, or interpretation thereof, provided such undertaking is and continues to be, in the opinion of a

nationally recognized bond counsel, consistent with the requirements of the Rule. In the event that the Township fails to comply with its undertaking, the Township shall not be liable for any monetary damages, and the remedy shall be limited to specific performance of the undertaking.

SECTION 12. This bond ordinance shall take effect twenty (20) days after the first publication hereof after final adoption and approval by the Mayor, as provided by the Local Bond Law.
